1. GENERAL FRAMEWORK

European schools - both official and accredited - offer the possibility of hosting other students as well as supporting their students to visit other schools.

Both can take place as real exchanges (visit and return visit) or as one-way visits. They are known collectively as "student mobility programmes".

1. GENERAL FRAMEWORK

Mobility programmes take place regularly within the 1st semester of S5.

However, if there are justified reasons, the 1st semester of S4 is also possible.

A pupil who does not find his/her L1 section in the hosting school will be treated as a Student Without A Language Section (SWALS), and vice versa a SWALS pupil who does find a section of his/her L1 in the hosting school will integrate in his/her L1 section.

2. PROCEDURES

Students apply in a structured way for a school visit for the next school year before the end of the first teaching week after the Christmas holidays.

Interested parents will send an email to pilar.vadillo@eursc.eu, asking the Mobility request.

Deadline to present the request will be 09/1/2023.

After consulting the Class Council, management will decide on the request and inform the families (by 27/1/2023).

2. PROCEDURES

A structured selection process (including written statements from the class/main teacher) will identify the successful applicants.

Once a pupil's candidature is selected for participation, the sending and hosting school should agree on the academic aspects of the mobility.

2. PROCEDURES

Before the two schools involved approve, a host family must be confirmed to receive the student.

A host family can be found independently by the applying student's family, or through the contact person from the APEEE of the hosting school.

Both management teams need to approve the mobility.

This procedure should be finalized by April 30th.

3. GRADING AND EXAMINATIONS

FOR SEMESTER-DURATION VISITS, PUPILS WILL COME BACK TO THEIR HOME SCHOOL WITH A AND B MARKS GIVEN IN ALL THE SUBJECTS FOLLOWED.

FOR SHORT-DURATION MOBILITIES, PUPILS WILL NORMALLY COME BACK WITH AT LEAST AN A MARK IN ALL THE SUBJECTS FOLLOWED.

ALL MARKS GAINED BY THE STUDENT DURING THE MOBILITY COUNT/ARE MENTIONED IN THE CERTIFICATE.

3. GRADING AND EXAMINATIONS

It is the responsibility of the student to catch up if the programme in the schools involved is not the same.

If there are subjects that are not covered at the hosting school, results of the 2nd semester at the home school count double.

4. ADMINISTRATIVE ASPECTS

a) Finances

- For mobilities there must be no additional cost to the hosting school.
- Each participating pupil will meet his/her financial obligations (school fees) with his/her sending school.

b) Insurance

- **Participating** students have to prove that they are sufficiently insured (health, travel, accident, third-party).

The image features a dense field of 3D question marks. Most are dark grey and slightly out of focus, creating a sense of depth. In the center, a single question mark is bright yellow and in sharp focus, acting as a focal point. Overlaid on this central yellow question mark is the word "QUESTIONS" in a bold, white, sans-serif font.
